

*** MATERIAL SAFETY DATA SHEET ***

This MSDS is being provided to your company for the purpose of providing current health and safety information to your management and for your employees who work with this material. Please read the information on these sheets, and then provide this information to those people at your company whose responsibility it is to implement the "Workplace Hazardous Materials Information System (WHMIS)". Also make this information available to any employee who requests it.

Date of Preparation: 06/12/13

3900-132

SECTION I PRODUCT IDENTIFICATION AND USE

Manufacturer : W. R. MEADOWS®, INC.
Address : 300 Industrial Dr.
: Hampshire, IL 60140

Telephone # : (847) 683-4500
Emergency # : 1-800-424-9300 Chemtrec

- H M I S -
Health : 1|
Fire : 0|
Reactivity : 0|
Person Protection : |

(Hazard Rating: 0=Least,1=Slight,2=Moderate,3=High,4=Extreme,*=Chronic)

Product Class : Division 3
Mfg. Code I.D. : 3900-132
Trade Name : SPEED CRETE BLUE LINE

SECTION II HAZARDOUS INGREDIENTS

Table with 9 columns: No. Hazardous Ingredient(s)*, CAS#, % By Weight, LD50, LC50, TLV/TWA, TLV/Ceiling, TLV/STEL, SKIN. Rows include Portland Cement and Microcrystalline Silicone Dioxide.

* A more complete disclosure will be provided to a physician or nurse in the event of a medical emergency. Component Number 2 is listed by the IARC and NTP as probably carcinogenic to humans (IARC Group 2A)

Component data is defined in accordance with Sub-paragraph 13 (a) (i) to (iv) of the Hazardous Product Act.

N/E = Not established N/A = Not applicable + = Respirable fraction

SECTION III PHYSICAL DATA

Physical State : Solid Vapor Density : Not Applicable
Specific Gravity : 3.2 Evaporation Rate : Not Applicable
Product Odour/Appearance: Grey powder, no odour Percent Volatile : - 0 -
Vapour Pressure : Not Applicable Freezing Point : Not Applicable
pH : Not Available Boiling Point : Not Applicable
Odour Threshold : Not Available

Coefficient of water/oil distribution: Not Available

SECTION IV FIRE AND EXPLOSION DATA

Conditions of Flammability: None, non-flammable product Autoignition temperature: Not applicable
Means of extinction: Water fog, foam, dry chemical, Carbon Dioxide Sensitivity to mechanical impact: No
Flash point and method: Not applicable Sensitivity to static discharge: No
Flammability limits: LEL: N/A UEL: N/A
Hazardous combustion products: Carbon Monoxide, Carbon Dioxide and incomplete compustion products.

SECTION V REACTIVITY DATA

Chemical stability Stable
If no, under which conditions:
Incompatibility (materials to avoid): None known
Conditions of reactivity: N one
Hazardous decomposition products: None known

Date of Preparation: 06/12/13

*** MATERIAL SAFETY DATA SHEET ***

Date of Preparation: 06/17/13

SECTION VI TOXICOLOGICAL PROPERTIES

Route(s) of entry: Inhalation, skin contact

Effect(s) of acute exposure to product:

EYE CONTACT: This product may cause mild eye irritation

SKIN CONTACT: Exposure may cause mild skin irritation. Prolonged repeated contact may cause redness, burning, drying and cracking of the skin. Persons with preexisting skin disorders may be more susceptible to the effects of this material.

INHALATION: Exposure to dust may cause irritation to the nose, throat, respiratory tract, and other mucous membranes. Based on the presence of component 1 inhalation of silica dust may cause lung disease (silicosis).

INGESTION: This product may cause irritation to the gastrointestinal tract.

SIGNS AND SYMPTOMS: Symptoms of eye irritation include pain, tearing and reddening. Symptoms of skin irritation include reddening swelling, rash, and redness. Symptoms of respiratory irritation include runny nose, sore throat, coughing chest discomfort, shortness of breath, and reduced lung function. Symptoms of gastrointestinal irritation include sore throat, abdominal pain, nausea, vomiting, and diarrhea.

Exposure limits: See Section II

Effect(s) of chronic exposure to product:

Carcinogenicity: Yes

Reproductive toxicity: Not established

Teratogenicity: Not established

Mutagenicity Not established

Synergistic Properties: None Known

SECTION VII PREVENTIVE MEASURES

Personal protective equipment: Wear safety glasses, goggles, or a splash shield to prevent eye contact. Contact lenses should not be worn. Wear appropriate gloves and protective clothing to prevent contact with skin and clothing. Appropriate dust respirators should be utilized in dusty environments.

Engineering controls: Use ventilation as required to control dust concentrations-at least – at least 10 air changes per hour are recommended for good general room ventilation.

Leak and spill procedures: LARGE SPILLS>>Evacuate the hazard area of unprotected personnel. Wear appropriate dust mask and protective clothing. Avoid inhaling dust. Place in non-leaking containers for proper disposal. Flush area with water to remove trace residue; dispose of flush solutions as above. SMALL SPILLS>>Pick up loose material and place in non-leaking containers; seal tightly for proper disposal.

Waste disposal: Observe all Provincial, Federal, State and local regulations regarding proper disposal.

Handling procedures/equipment: No special handling procedures/equipment required

Storage requirements: Store in a cool dry location. Avoid sources of moisture contamination.

Special shipping information: None

SECTION VIII FIRST AID MEASURES

EYE CONTACT: Immediately flush eyes with water for at least fifteen (15) minutes. If symptoms persist, seek medical attention.

SKIN CONTACT: Remove contaminated shoes and clothing. Cleanse affected area(s) thoroughly by washing with mild soap and water. If irritation or redness develops and persists, seek medical attention.

INHALATION: Remove victim to fresh air and treat symptomatically. Provide oxygen if breathing is difficult. Provide artificial respiration if the victim is not breathing. If symptoms persist, seek prompt medical attention.

INGESTION: Dilute with liquid unless the victim is unconscious or very drowsy. If vomiting spontaneously occurs, keep the victim's head below the hips to prevent aspiration into the lungs. Consult a physician, hospital, or poison control center and/or transport to an emergency facility immediately.

The information contained herein is based on the data available to us and is believed to be correct. However, we make no warranty, expressed or implied regarding the accuracy of this data or the results to be obtained from the use thereof. We assume no responsibility for injury from the use of the product described herein.

SECTION IX PREPARATION OF MSDS
